

Mental Health **FIRST AID**

from NATIONAL COUNCIL FOR MENTAL WELLBEING

for  
**FIRST RESPONDERS**

**WHY MENTAL HEALTH FIRST AID?**

Mental Health First Aid for First Responders teaches you how to **identify, understand and respond to signs of mental illnesses and substance use disorders**. This training gives you the skills you need to reach out and provide initial support to someone who may be developing a mental health or substance use problem and help connect them to the appropriate care. It focuses on the unique experiences and needs of first responder personnel and is a valuable resource that can make a difference in their lives, their coworkers' and families' lives, and the communities they serve.

**WHAT IT COVERS**

- A discussion of first responder **culture, stigma** and their relevance to the topic of mental health.
- **Outreach tactics** to respond to individuals experiencing a mental health crisis.
- A discussion of the specific **risk factors** faced by many first responders and their families.
- A review of common **mental health resources** for first responders, their families and those who support them.
